

The 10th International Conference on BIM Technology

"BIM enables high-quality development of
Construction Industry"

28-30, June, 2023

Chengdu, the capital of Sichuan Province, China,

-----CALL FOR PAPERS (Notice No. 1) -----

Conference Topics

The 10th International Conference on BIM Technology is the premier forum for the presentation of new advances and research results in the BIM technology and its applications. The conference will bring together leading researchers, engineers and BIM tool developers around the world to present their work on topical areas related to BIM and this year's theme: " BIM enables high-quality development of Construction Industry." Topics of interest for submission include, but are not limited to:

- BIM tool development
- BIM innovation applications in building design
 - BIM-based design throughout whole design process
 - Automatic model checking
- BIM and building industrialization
- BIM and construction
 - Intelligent construction
 - Lean construction
- BIM applications throughout the whole lifecycle of engineering projects
- BIM and Digital Enterprise
 - Digital design enterprises
 - Digital construction enterprises
 - Digital paradigm shift of whole process engineering consulting
- BIM and green and low-carbon buildings

- BIM and building robots
- BIM and AI
- BIM and CIM
 - CIM platform development
 - CIM applications in smart campus and smart cities
 - CIM applications in governmental administration
- BIM education and training

We look forward to accepting your papers and participation in the conference, either in Chengdu, China, or with us online.

Submission Guidelines

Each paper should be within 6 pages and should not have been published in any academic or professional journal prior to the conference.

Each presenter must submit an abstract of 250 words to the following email address:

bimgjhy@163.com

The deadline for abstract submissions is April 30, 2023. After the review of your abstract, the organizing committee will notify you by May 10, 2023. If your abstract is accepted to be presented at the conference, you should submit your full paper by May 31, 2023.
